**Subject:** final review of draft agenda and question

Hello meeting planning committee. I have one request and a question.

First, I am hoping you can take a few minutes to do a final review of the draft agenda for the meeting next week. Please send me any feed back by COB today. I'd like to distribute the agenda tomorrow.

Second, I have an idea for the ammonia session.

Who is planning on attending the ammonia webcast on Wednesday this week? It is going to be a 90 min presentation from Lisa Huff with HECD. I am wondering if I should request that people who will be attending the meeting participate in the webcast (if possible) so we can focus the time at the meeting on a discussion of the state and tribe specific issues? If you think this is a good idea, I will pitch this idea to the group later today. Your thoughts?
